PROFILE

ABOUT US

We are a digital studio delivering quality since last half a decade, known for its state of the art solutions and quality services, the company has successfully delivered a handful of projects including some pioneer ones. Quality, innovation and creativity, these three words we live day in and day out.

We have made a strong ground in 3D walkthrough, architectural work and graphic designing work. Some other services provided under our umbrellas are visualization, print & advertising and animation & vfx. We take your idea to zenith and we take it beyond there. If you can dream it, we can create it.

WHY US?

We are a young, energetic, passionate team of professionals that strongly believe that, a picture is worth a thousand words...

We are in the business of creating great concepts, with a full list of services and solutions to meet your every expectation. With a personal touch of our experienced specialists, we will ensure you will visualize your full potential.

We believe in building long term partnerships rather than doing, single quick turn-around projects
That is how we plan to GROW!

BABA QUARTZ®

New Generation Stone

BABA QUARTZ is a premiere manufacturer of engineered Quartz Surfaces. Our organization takes pride in it's uncompromised craft and total ability to deliver premium quality goods to a huge clientele.

Our product is made with one of the nature's hardest stone, genuine quartz. It is the most durable and practical building material being used for hospital & kitchen countertops, bath tops, bathroom vanities, elegant flooring and wall claddings. Our products are non-porous, stain & scratch resistant, durable, low maintenance, hygienic and eco-friendly.

The ultimate nature of the quartz surfaces is its uniformity in pattern, uniqueness in color and customized designs.

BABA QUARTZ strives to optimize our clients satisfaction level by providing our extraordinary product range.

We assure our quality & consistency as we are the only company in the world of engineered quartz that is history, who mines their own quartz from the quarries and owns the quartz processing facility.

Our advanced production facilities, R&D team contribute to a wide range of innovative products we feel we can do.

R.S. INFRA-TRANSMISSION LTD.
**SPECIALISTS IN
 HOT ROLLED STEEL PROFILES**

WHO WE ARE???

R.S. Infra Transmission Ltd. is a family owned, professionally managed, leading manufacturer engaged in the manufacturing of a wide range of special hot rolled steel profiles. The company was founded over a decade ago, with a view to produce technologically advanced, high precision products aimed at total customer satisfaction. Continuous investments and investments in up-gradation of manufacturing technology have helped it carve out one, dominance in the demanding external customer in turn enabling us to maintain our dominance in the key functional area.

Our current production capacity is over 100,000 MT per year. Bulk manufacturing combined with latest process technology helps us achieve the desired cost efficiency, enabling us to dynamically cater to the ever-evolving needs of our customer.

As international manufacturing set up was established in Sri Lanka to produce quality steel products. At present, the group's combined annual turnover is over 300 million.

The company is managed by judicious mix of highly motivated and qualified professionals who continuously strive to stand the company into a promising future. Stringent quality control, reliability and on time delivery are the factors for the success of our organization.

The Production Process

Procurement
 Selection and purchase of raw material is a very important step towards producing high quality products. We only procure our raw material from Best Furnace Route.

Miller Cutting
 After receipt of raw material (billets), it is then cut into customized lengths in accordance with weight and length of specific profile.
